Math 46 Homework Assignment (11/04 – 11/09)
Assignment will be due on 11/11 next Tuesday.

Key notions introduced this week:
(1) Homogeneous Linear equations;
(2) Linear equations with constant coefficients;
(3) Nonhomogeneous linear equations.
(4) Method of undetermined coefficients;
(5) Polynomial nonhomogeneous terms;
(6) Exponential nonhomogeneous terms;
(7) Trigonometric nonhomogeneous terms;
(8) Generalizations;
(9) modifications.

Homework problems:
Chapter 11. 20, 25, 26, 36, 44, 45, 46, 47, 48.
